

GReddy Performance Products is in search of test vehicles for prototyping new exhaust systems. Chosen vehicles used in our testing could receive up to a FREE production system for that vehicle. *(or a substitute offered by GReddy)* If you are located in the general Southern California area and your vehicle meets the following requirements *(below)*, Please email us in at gpp@greddy.com, using the format describe at the bottom of the page. *(Please do not call in, questions can be sent via email to tech@greddy.com)*

GReddy Performance Products, 9 Vanderbilt, Irvine, CA 92618 Please follow the instructions below when applying. Submit forms to tech@greddy.com Thanks!

Requirements:

1. The vehicle and owner must be based in the greater Southern California area *(preferably in the Orange or L.A. Counties)*
2. The vehicle must be in good mechanical working order. *(no "Check Engine Lights")*
3. The vehicle must have the following:
 - Factory engine
 - Factory exhaust manifold
 - Factory catalytic- converter
 - Factory exhaust system *(or a GReddy exhaust system)**
 - Factory rear bumper *(without damage)***

**There should be NO modifications to the stock exhaust system (exhaust manifold, catalytic converter muffler and piping, including flanges).*

*** The rear bumper must be OEM without add-on valences, lip spoilers or body kits of any kind.*
4. The vehicle's suspension should not be lowered below 2"
5. The vehicle must be available for 1-2 full work day(s) (9am-6pm, Mon-Fri), Drop-off in the morning, pick up next morning.
